An Extraordinary Salt Well. One of the most extraordinary salt wells on record, perhaps, is that now being operated at Wellsville, Columbiana county, Ohio, The well was mank in anticipation of finding oil, but when at a depth of four lunired and eighty feet, the borers struck a vein of gas, which burst forth with such violence as to eject all the tools used in boring, together with two hundred feet of pipe which had been previously introduced. The boring had developed a very strong vein of salt water, and the gas continued to spout the whole column of salt and fresh water furnished by the well, to the height of one hundred and fifty feet, for six months. The idea of manufacturing salt was then conceived, and after the necessary pans, tanks, &c., were put up, the work was commenced. The gas was brought N. Y. Commercial Advertiser says : in pipes from the gasomster and introduced into the furnace in various jets, which being ignited, preform the whole office of evaporation without any other fuel. The furnace glows with an intense heat, and the flame issues from the top of the chimney. The salt water flows at the rate of about six gallons per minute, and there is more than sufficient gas from Acco mac county, so long sunned in his to every the schole. It violds about a smiles, fanned with his breath, and charmed to evaporate the whole. It yields about a barrel of salt per hour. The gas furnishes a pressure of one hundred and eighty six pounds to the square inch, which is eighty or ninety missioners, Slidel and Mason, are expected

An Escaped Prisoner's Story.

a handsome thing out of it.

Dr. Stephen Hagadorn, of Bath, New York, who was captured by the rebels, at Bull Run, has escaped and returned home. A correspendent of the Rechester Democrat tells his

Dr. Hagadorn went to Buli Run to look after a sen who was a private in the Second Wisconsin volunteers. He was taken about He saw that he was cut off and must be taken and raised a white handkerchief upon an umbrella to prevent being shot. A rebel horseman came up and demanded where he was from, and on learning that he was a civilian from New York, exclaimed : 'D-n you, what business have you to raise a flag of truce,' and levelling his pistol said : 'Pve a great mind to shoot you.' Finally Dr. Hagadorn was ordered to mount behind the rebel, and in attempting to do so from the level ground, lost his hat, which he was not allowed to pick up-While trying to mount, the savage struck backwards with his sword, cutting a gash in Dr. Hagadorn's forehead which bled freely .-A footman handed him his hat and Dr. Hagadorn rode in this way for a short distance, when he was set down and marched, part of the time on a run, to Manassas, where they arrived at about ten e'cleck at night. He met Mr. Edy there, but he saw but little of him

until after his arrival at Richmond. He reports that quite a number of the soldiers have died, but all now are in better health since the weather became cooler. Vermin intheir other garments scarcely cover their persons. Those who have money are at liberty to provide extra clothing and food for them-

An Aster in the Army.

Mr. John Jacob Astor, of New York, has joined the staff of Major-General McClellan, with the commission of Lieutenant Colonel. Mr. Astor is the representative of thirty mill-ions of property, with an income of two millions per annum. He has been from the beginning one of the most active and efficient executive members of the Union Defence Committee, and has given his time, knowledge, and money, without stint, for the cause of the country, and for the suppression of the re-

urage apparent in the Wabash and other naval vessels engaged in the recent attack up-"Everything went on like clockwork dur-

ing the action. The men of the Wabash took a lunch in the middle of the fight; they gave no cheering when one of their shells struck they stood unmoved when the shot of the enemy fell thickest around them. Only when the most severe shot was received, and three men fell wounded on the deck, a sort of how arose that told their feelings; but no other nanifestation was made.

The same spirit and behavior were observed.

ed on board every other ship engaged. The navy did itself immense credit, both in the plan and performance of the action; it main-tained the best fame of the American navy, proving that numerous as have been the treasons and desertions of officers Southern born, there are still left those fully able to bear up SPECTACLES. the old flag, and surround it with new glories

Wise's District. By the latest advices from Eastern Virgin ia, it is evident that Gen. Lockwood will make short work in disarming the rebels in Accomac and Northampton counties. The

The possession of those counties detatches two more bricks from the fabric of rebellion and hastens the day when it must fall to the ground. It may also prepare the way for offensive movements upon that part of the Virginia shore lying immediately opposite to Cape Charles, and distant from it only about fifteen miles. Now that Ex-Governor Wise has returned from Western Virginia, he can hardly do less than expel the Union forces with his powerful cloquence.

Letters from Paris say that the rebel com pounds more than is usualy allowed in run- with a great deal of pleasure by the secession ning a locomotive engine. The well is a jsts in France and England. They think that most extraordinary one, and the owners though these arch rebels have ability and art enough they failed to find oil, will, it is believed, make to present inducements for these countries to take the rebel States under their protection. These sympathizers in Europe will, we think, be doomed to a serious disappointment when they hear of the act of Commodore Wilkes, and the mischances of war, which have placed

OTAn ancient Indian cance having been resurrected from the bottom of Owahgena lake at Cazenovia, N.Y., a traditional curse was midway between Bull Run and Centerville: it was replaced. It had furnished the vehicle of an elopement by an Onondaga warrior and a Mohawk damsel; and although the incensed Mohawks pursued the enamored pair with tomahawk, scalping knife and war-hoop, yet the fleet canoe enabled them to escape. The Onondagas sunk the canoe with great ceremony; and on the 12th inst, large numbers of amusement seekers assembled at the lake in Indian costume, both male and female, and proceeded to imitate the event described in

Indian costume, both male and female, and proceeded to initate the event described in the legend.

1. The Jackson correspondent of the Vicksburgh Sun says that he has seen a letter from Gen. Johnson to Gov. Pettus of Mississispid, declining to receive more troops under the late requisition, having already more soldiers than he can dispose of. The Governor is requested to disband all companies organized under said requisition, unless they go armed an equipped for the war. The Sun states that the volunteers who had been recently mustered into the service at that city were very indignant at being disbanded, an their officers had left for Jackson to lay their case before Gov. Pettus.

1. Brigadier General T. W. Shermsn, commander of the Union army now in South Carolina, was a New England lad of limited pecuniary means. When he lirst visited Washington to obtain admission to West Point, he walked the whole distance from his father's house in Rhode Island sunscending the work of the work of the control of the control

Ayer's Sarsaparilla

A compound remedy, designed to be the med effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

SCROPULA AND SCROPULOUS COMPLAINTS ERUPTIONS AND ERUPTIVE DISEASES, ULCERS PIMPLES, BLOTCHES, TUMORS, SALT RHEUS, SCALD HEAD, SYPHILIS AND SYPHILITIC AP-PECTIONS, MERCURIAL DISEASE, DROPST, NEO-RAIGIA OR TIE DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, ROSS OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY

THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alternive medicine. Cleanse out the by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But

reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla. contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the varicus extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cleat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete cradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO. Price, \$1 per Bottle; Six Bottles for \$5. Aver's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recome the evidence of its virtues, wherever it has been employed. As it has long been in constant neo throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills, FOR THE CURE OF Coaticeness, Jaundice, Dyspepsia, India Dysentery, Ford Stomach, Eryspecias, Hea Piles, Rheumatism, Eruptions and Skin De Liner Camplaint, Dropsy, Tetter, Temes Salt Rheum, Worms, Gosst, Neurolgis, Dinner Pill, and for Purifying the Blood.
